

Taste the warmth of Thailand

Certified Fairtrade & Organic 100% Arabica Whole Bean Coffee

Handpicked from the lush peaks of the Golden Triangle in Northern Thailand, we offer complex, unique coffees with beans found in one of the world's best microclimates.

Doi Chaang Thai Mountain Coffee was born in 2007 when we formed a partnership with the Akha hill tribe farmers of Northern Thailand and established the Beyond Fair Trade® initiative. Today, this initiative means, in addition to the Fairtrade premiums, we allocate a portion of every sale to help fund projects that support coffee-growing communities.
